

BULK FUEL

Skid Tanks

Ready to Deliver

Westmor maintains an inventory of skid tanks to get you and your patrons quick access.

- ▶ Custom sizes available upon request
- ▶ Local stocking distributors reduce freight

Dispenser Package

More than just the tank, our parts department can equip you with a complete pump package.

- ▶ 300, 560, 1000, 2000 gallon tanks available
- ▶ Pump with hose and nozzle
- ▶ Suction pipe and t-vent
- ▶ Fill cap
- ▶ Gauge and plug

Tank Standards

While manufacturing our tanks we set a standard to prevent premature rust and fuel contamination.

- ▶ 12 gauge steel
- ▶ Every tank is tested to ensure longer life
- ▶ Sand blasted, primed and painted
- ▶ Equipped with a drain to bleed the vessels if necessary

Skid Tanks

Sk-300, SK-560, SK-1000, SK-2000

1,000 Gallon Skid Tank

Skid Tank Sizes				
Gallons	Gauge	Dimensions	Weight (lb)	
300	12	38" x 60"	300	
560	12	48" x 72"	525	
1,000	12	64" x 72"	705	
2,000	12	64" x 144"	1,234	

More Steel. More Weight.

“After **comparing weights** with a competitor, we found that the Westmor tanks were about 200 pounds heavier. They’re built with a **heavier gauge steel** that gives you a warm fuzzy feeling, a better **sense of security** that the **seams will hold** and the **welds won’t fail**. ”
